

CitraSolv +: Natural Solvent Cleaner for Heavy Soils.

Application Notes:

NuGeneration Technologies' CitraSolv + is a natural liquid solvent cleaner that offers environmental compatibility, worker safety and low cost for disposal for heavy duty cleaning of all hard surfaces. An excellent cleaner for tenacious oils and grease and a great replacement for toxic petroleum solvents, chlorinated solvents, and caustics. Added surfactants clean heavy oils, grease, tar, wax, inks, uncured resins and adhesives.

CitraSolv + was formulated to provide improved removal of particulates and organics, loosen soils quickly, float them away, while providing reduced residues, and fast rinsing. **CitraSolv + is an excellent alternative to solvent vapor degreasing and caustic tank cleaning in metal processing plants.** Removes: inks, polishing and buffing compounds, grease, oils, fingerprints, drawing compounds, metalworking fluids, glues, gums and tacky residues. Safe on all metals and most plastics. Can be used by immersion, spray, or brush.

Application Procedure:

CitraSolv + is effective at ambient temperatures. However, it is normally used at ambient to 110°F for 5 seconds to 5 minutes, do not use this product above 110°F as it will evaporate quickly. The parameters can vary due to the type and extent of soils to be removed.

Typical Usage Parameters:

	CitraSolv +
Description	Orange Peel Solvent
Concentration Range – Spray	100%
Concentration Range – Immersion	100%
Operating Temps	50°F and to 110°F

Physical Properties:

	CitraSolv +
pH, Concentrate	N/A
pH, @ 5% b.v.	N/A
Bulk Density, #/gal	8.4
Flash Point	180°F
Solubility in Water	Nil
Biodegradable	Yes
Chelates	No
Corrosive	No
VOC (Concentrate)	< 840 g/L

Availability: Available in 1, 5, 55 and 300 gallon containers. Bulk tank shipments also available.

Shipment: Freight classification is "cleaning compound, NOBIN – Liquid."

Storage: Keep out of direct sunlight. Keep from freezing. Store between 40-120°F.

⁽¹⁾**Disposal:** Dispose of in accordance with local, state, & federal regulations. For assistance with disposal contact NuGeneration Technologies at 888-99-NuGen or email: info@nugentec.com.
