

## Metalworking Coolants

Application	Product	Description
Grinding – Synthetic	NuKut LT 1	Synthetic for grinding. Prevents Cobalt Leaching. Bio-stable.
Machining – CNC - Synthetic	NuKut MD 1	Synthetic fluid-machining. Prevents Cobalt Leaching. Excellent rust protection.
Metal Tapping & Drilling	SYN-TAP	Synthetic lubricant. Increases tool life. Non-smoking formula. EP Additives Cl, S, & P.
Metal Forming & Punching	NuLube Punch	No oil yet better lubricity than oil based fluids. Safer to use, easier to clean, increases die life.
Semi-Synthetic	NuKut SS 303	Semi-Synthetic fluid CNC machining & grinding. Stops Cobalt Leaching. Bio-stable.
Neo-Synthetic	NuKut NS 74	Neo-synthetic, non-oil, oil like films to prevent corrosion. EP fortified and Bio-stable.
Soluble Oils – Economy	NuKut SO 5	Light-medium duty. Great light film rust preventative. Tapping & drilling light oil.
Soluble Oils – Cl & S Free	NuKut SO 15P	CNC machining/grinding medium to heavy-duty. Bio-stable. No chlorine, no Sulfur.
Soluble Oils – +Cl	NuKut SO 25CL	Heavy-duty CNC Machining/grinding bio-stable +chlorine, sulfur, phosphorus.
Sump-side Defoamant	Foam-Killer	Readily water miscible defoamant for sump side additions.

## Cleaners

Application	Product	Description (pH's listed below are @ 5% b.v)
Non-Ferrous Cleaning	NuGenTec AC 22	Brass, copper, aluminum parts washers high-temperature low-foam pH 5.2
Spray	NuKlean HDS 3100	Non-silicated liquid multi-metal cleaner for spray, oil splitting formula, pH 9.8
Spray & Tank	NuKlean HDT 500	Non-silicated liquid multi-metal cleaner for spray and tank applications pH 9.8
Spray	NuKlean HDS 2500	Non-silicated liquid aluminum cleaner for spray washer application pH 9.9
Tank	AquaKlean EF105 MF	Non-silicated liquid multi-metal cleaner for tank applications, aluminum safe. pH 10.2
Tank	AquaKlean EF 55	Non-silicated liquid multi-metal heavy-duty cleaner for tank applications. pH 11.5
In Process Cleaning	NuKlean 22	Alkaline Cleaning Fluid for power washers, steam cleaning, floor scrubbers, mop buckets, fleet vehicle (car, bus, truck, rail car), concrete, marble, granite and brick. USDA approved pH 10.5
Floors, Concrete / Painted	Power Wash Green	Great in mop buckets or floor scrubbers & general cleaning. Beats Simple Green® pH 12
Parts Cabinet Cleaning	NuGenTec HDS 44	Heavy duty alkaline multi-metal degreaser for spray cabinets, silicated pH 12.5
In Process Cleaning	AquaKlean EF 13	Ultra heavy-duty silicated liquid highly alkaline cleaner, degreaser, rust remover, descaler for tank applications. Aerospace, parts cleaning, metal finishing – SCAQMD approved pH 12.6
In Process Cleaning	NuKlean HDS 67	Heavy-duty, highly alkaline, chelated liquid cleaner for spray or tank pH 12.6
In Process Cleaning	NuKlean HDT 29	heavy-duty, highly alkaline, chelated liquid cleaner and deruster pH 12.6
In Process Cleaning	NuKlean HDT 202	Heavy-duty, highly alkaline, liquid cleaner pH 13.0
In Process Cleaning	NuKlean HDT 333	Heavy-duty, highly alkaline, low-temperature, chelated liquid cleaner pH 13.2
In Process Cleaning	NuKlean HDT 38	Heavy-duty, highly alkaline, low-temp., silicated, multi-metal tank cleaner pH 13.2
Spray & Tank	NuKlean HD 66	Highly alkaline ultra heavy-duty cleaner, cleans burnt on carbon deposits PH >13

## Iron Phosphating

Application	Product	Description
Conversion Coating	NuKcoat line	Ferrous and aluminum iron phosphate pre-paint conversion coatings.

## Special

Application	Product	Description
Passivating & De-smutting	NuBrite 310	Passivates stainless steels. Cleans, shines and de-smuts aluminum pH <2
Passivating & De-smutting	NuBrite C 50	Passivate & clean without nitric, sulfuric, phosphoric or hydrochloric acid. Citric based formula pH 1.3
Aluminum Etchant	NuEtch E 2	Alkaline solution for chemical etching of aluminum pH 13+
De-Rusting	DeRust	DeRust is a heavy-duty, highly alkaline, chelated liquid cleaner and deruster pH 12.6
Sanitizing Cleaner	F409	All-purpose spray-on wipe-off cleaner & sanitizer. Compare to Clorox Formula 409®.
Tumbling Fluid / Burnishing	Tumbling Fluid	Mildly alkaline and Acidic based fluids for tumbling and burnishing operations.
Rust Preventatives	NuKcoat RP	In-process rust protection from liquid water based cleaner/RP's
